

# Hastings Waterfront Festival – Aug 19

Report: Dana Torch

Dave Teasdale with his amazing original condition Flambeau.

Sunny skies and a cool breeze set the stage for the MLAOC display at the Hastings Waterfront Festival. Dana Torch brought a selection of 20's and 30's motors while Dave Teasdale wowed onlookers with his rare Flambeau outboard. We had a very good turnout and acquired a couple of leads for Johnson and Evinrude motors.

## We Need Your Suggestions, Ideas & Help

Our long time host of the January "Hard Water" meet, Mike Ounjian, is in the process of closing his Ajax location and setting up a new Shop much further out of town.

Consequently we are looking for a new location for the 2018 "Hard Water" Meet. If you any suggestions, Ideas or if you would like to volunteer your shop of this event...please let us know.

Please contact President Ron Stevenson or any me member of the MLAOC Steering Committee.
