

More from the Aug. 12 Muskoka Lakes Association Antique Boat Show

Report & Photo's: Dave Hymers

The MLAOC had the pleasure of having our booth at the Port Carling Boat Show this August. Our traditional location in the locks was well visited by many folks this year. The beautiful sunny day certainly contributed to the crowd's enthusiasm and interest in the many motors on display from our member's collections.

People were interested in what we do as a Club and this lead to questions about membership. A big thank you to Jan Hymers who signed up 6 new members and collected a couple of renewals from members who would not be at the AGM. Ron Stevenson and team did a fantastic job organizing the day and ensuring that all the volunteers in the booth got lunch and had time to see the show. Looking forward to the next MLA show scheduled for 2020.

Our MLAOC Display attracted a large number of interested people.
