

Flea Fest Kahshe Lake, July 23

Report: Rob Abbott

Photos: Ron Stevenson & Steve Silverthorn

It was a great day for Flea Fest, on Kahshe Lake. MLAOC Members had a display of about 15 motors and 2 boats. There were about 30 Seafleas, most built and piloted by those who have never seen a floppy disc. There were “Dogs On Fleas”, a Seaflea chase with canine passengers, and even a snowmobile watercross. Lots of fun & excitement.

Ron Stevenson surprised everyone when he donated a really nice Johnson QD16 to be included with the Seaflea raffle prize. The Mini Most Seaflea was restored & donated by Mark Kierstead. Proceeds from the raffle went to the SPCA Muskoka Animal Centre.

Big thanks to Ron Stevenson, Wain Trotter and Steve Silverthorn for helping with the display. Also, a big thanks to Chris and Andrew Taylor and their gang for organizing such a great event. It was free and all donations went to charity.
